English - Intermediate

PROFILE

Frontend developer with a focus on React.js and Next.js, passionate about building clean, responsive, and maintainable web applications. I enjoy turning ideas into real products through structured code and thoughtful UI decisions. Currently looking to grow as part of a professional team and contribute to real-world projects.

PROJECTS

Lingerie E-Commerce Platform

[Live](#)

A Persian/RTL e-commerce platform for premium lingerie with a full storefront and admin dashboard. Features phone/OTP authentication, role-based access control, inventory reservation system, discount codes, and a blog/CMS with a rich-text editor.

Next.js 16 · React 19 · TypeScript · PostgreSQL · Prisma · Auth.js · Zod · Tailwind CSS · shadcn/ui

A multilingual B2B Website

[Live](#)

A multilingual B2B website for a frozen food export company, serving content in four languages (English, Persian, Russian, Vietnamese) with a self-hosted CMS and a spam-protected RFQ lead-generation form.

Next.js · TypeScript · Tailwind CSS · PostgreSQL · Prisma · Recharts · Stack Auth

General E-commerce Platform

[GitHub](#)

A full-stack e-commerce platform with product listings, cart, checkout flow, user authentication, and server-side rendering. Built with Next.js App Router and connected to a PostgreSQL database via Prisma.

Next.js · TypeScript · Tailwind CSS · PostgreSQL · Prisma · NextAuth · shadcn/ui

Watch Store

[GitHub](#) | [Live](#)

A modern watch store built with React, featuring smooth animations, responsive layouts, dynamic cart management, and product data handled via Axios and Redux Toolkit.

React.js · Redux Toolkit · Tailwind CSS · Framer Motion
